FOR IMMEDIATE RELEASE

PRLog (Press Release) – Aug 18, 2010 – Founded in 2000, ePay Management is focused exclusively on the success and trust of its sales partners and customers. The companies goal is to bring solutions directly to each client on an individual basis and to ensure satisfaction with personalized service. Their technical depth within each sector of the industry is matched by their consulting and management expertise delivered across all sectors.

“We are proud of our reputation as a solutions provider and innovator. Our corporate culture is one of dedication, respect, and continuous improvement. We measure our success by our customers’ successes.” - David Wilson, Founder and CEO of ePay.

In order to be better prepared to serve their customers, ePay Management is investing in its sales force, internal processes, tools, and business systems. They are strengthening their existing core competencies as well as investing in the development of new capabilities to meet increasing requirements.

“ePay Management strives to be recognized as the payment processing provider of choice and has established programs designed to attract and retain highly skilled and motivated agent sales offices and vendor partners. Our extended ePay family is our greatest asset” - Eric Eichlin, Co-Founder and President of ePay.

Within the electronic payments Industry, acquirers and ISO's enjoy a remarkable degree of potential. With that potential comes the responsibility to practice business in accordance with the highest standards, to be accountable for the products and services that are marketed, and to honor relationships in both appearance and fact. Since its establishment in January of 2000, ePay Management has striven to fulfill these responsibilities, adhering to a strict code of ethics, understanding that the alternative is to jeopardize their most important asset: the trust of their merchant's, sales partners, affiliates, and vendors and the credibility of the products and services they provide.
