

CSSARA Chooses ePay Management as its Endorsed Electronic Payment Processing Supplier.

The California Service Station and Automotive Repair Association (CSSARA) has chosen ePay Management as its Endorsed Electronic Payment Processing Supplier. ePay will provide CSSARA members with pay-at-the-pump and in-store payment solutions.

FOR IMMEDIATE RELEASE

PRLog (Press Release) – Aug 04, 2010 – ePay Management L.L.C. (ePay) announced today that it has been selected as the endorsed payments provider for The California Service Station & Automotive Repair Association (CSSARA), a non-profit trade association recognized nationally as one of the most aggressive associations of its type in the country to advanced the interests of the service station dealers and automotive repair shop owners.

ePay Management will give CSSARA members the ability to accept Visa, MasterCard, American Express, Discover, Wright Express, Voyager, Fleet One, Fuelman and Loyalty Cards at the pump and in their stores for a reduced negotiated price to the Association. ePay will also provide CSSARA's auto repair and towing members with consumer financing and mobile payment solutions.

"At CSSARA, we are always looking for ways to better serve our members," said Sunny Campbell, Executive Director of CSSARA. "In deciding on a payments provider for our association, we considered many factors including industry experience, value at a competitive price, equipment certifications, quality of reporting and customer support. ePay will provide convenient and necessary payment options for our members. ePay presents a specialized approach to providing electronic payment solutions to CSSARA members with very aggressive pricing."

About ePay Management L.L.C. (ePAY):

About The California Service Station and Auto Repair Association (CSSARA)

Born out of the "Oil Embargo" in 1973, CSSARA's goal has been to serve the needs of its members and to anticipate future problems and unfavorable situations that would affect the success of our members. The non-profit trade association has primarily consisted of individual owners whose main source of income has been their service stations or automotive repair shops.
